INSTRUCTIONS FOR DEFENSE DAY

1. Hard Copy Requirements (Rubrics)

Each group is required to provide **five (5) printed copies** of the complete rubric document for the panel members.

2. Mandatory Pre-Filling

To ensure a smooth evaluation process, the following sections must be encoded/filled out **before printing**:

- Project Title & App Name
- Complete List of Group Members
- Live URL and/or GitHub Repository Link
- other details...

3. Digital Submission Verification

All digital assets must be **successfully uploaded and accessible** via the designated shared drive prior to the defense schedule: [CAPSTONE1.FINALDEFENSEDOCS](#). Failure to have these files ready may result in a delay or cancellation of your session.

Required Files:

- **Video Content:** Promotional Video and App Demo Video
- **Source Code:** Both the GitHub Repository Link and a compressed (.zip) file
- **Manuscript:** Final Word Manuscript (Chapters 1–3)
- **Technical Paper:** Complete Capstone Technical Paper
- **Presentation:** Final Slide Deck
- **Signed Forms:** All required documentation and forms, complete with all necessary signatures

The final defense is the formal validation of your capstone project. You must demonstrate technical excellence, professional maturity, and readiness for real-world deployment.

1. GENERAL PREPARATIONS

- **Dress Code:** Full Corporate/Business Attire.
- **Printed Materials:** Provide **five (5) professional yellow folders** containing:
 - The Research Manuscript (Chapters 1-3). Print One (1) Complete Copy with the Research Instrument/Questionnaire.
 - The Technical & User Manuals. Print One (1) Copy.
 - The **Unified Deliverables Score Sheet** (Print Five (5) Sets).

Technical Readiness: Arrive **30 minutes early**. Load your Live URL, calibrate IoT hardware, and ensure your Demo Video is available. **To account for potential hardware or connectivity issues, every group must have a "Plan B" ready for their live demonstration**

(047) 222-4080 loc. 319

Gordon College CCS

GORDON COLLEGE COLLEGE OF COMPUTER STUDIES

OLONGAPO CITY

• BS in Computer Science • BS in Entertainment and Multimedia Computing - Digital Animation Technology
• BS in Entertainment and Multimedia Computing - Game Development • BS in Information Technology

Source Code: Ensure your GitHub repository is shared with the Capstone Instructor. The code **must** be **completely running** and functional.

2. THE 40-MINUTE PRESENTATION FLOW

Strict adherence to time is part of your professional evaluation.

Time	Slide	Focus Content
0-3 min	1-3	Identity & SDG Alignment: Title, Team, and specific UN Global Goals addressed.
3-8 min	4-5	Problem & Objectives: Define the local gap (Why does this matter?).
8-13 min	6-8	Tech Architecture: Explain the "Smart Logic" (AI/Blockchain) and Data Flow.
13-28 min	9-10	LIVE SYSTEM DEMO: Walkthrough of features, UI/UX fluidity, and real-time data sync.
28-31 min	11	Deployment Plan: Rollout phases, hardware installation, and turnover.
31-33 min	12	Sustainability Plan: Financial, technical, and institutional longevity.
33-35 min	13-14	Security & Roadmap: RA 10173 (Privacy) compliance and future scaling.
35-40 min	15	The Verdict: Summary and opening for the Q&A Session .

3. PANEL HOSPITALITY & ETIQUETTE

Professionalism extends to how you host your evaluators. Hospitality reflects your group's organizational skills and respect for the panel.

- **Panel Meals & Nutrition:**
 - **Health Standards:** All meals must be healthy and balanced (low fat, low sugar, and low sodium). Strictly **no fast food** and **no junk food**.
 - **Presentation:** Meals and drinks must be served **professionally and tidily**. Ensure the food is **presentable and not greasy**. STRICTLY NO STYRO POLICY.
 - **Hygiene:** While high-end pantry equipment is not expected, the setup must be clean. Provide table napkins and hand sanitizer for the panel.
 - **Beverages:** Serve healthy options, no high-sugar drinks.
- **Tokens of Appreciation:**
 - Provide a professional token (e.g., customized desk plant, artisanal product, etc.) Include a handwritten "Thank You" note citing the panelist's specific role.

4. SOURCE CODE & TECHNICAL COMPLIANCE

Requirement: Submitted code must be completely running on any standard environment.

- **Functionality (30 pts):** System runs without errors; core features work exactly as demoed.
- **Completeness (20 pts):** All files (Frontend, Backend, SQL/DB exports, .env.example) included.
- **Documentation (15 pts):** A professional **README.md** with installation and user role guides.
- **Deployment Ready:** Evidence that the system is ready for immediate use in the target locale.

5. DIGITAL REQUIREMENTS SUBMISSION

All digital requirements must be submitted via the **Official Class Storage** provided:

Deadline: 11:59 PM on the day before your scheduled defense.

Folder Structure: [TeamName] - [Project/App_Name]

1. **Presentation & Videos:**
 - Slide_Presentation.pptx (The complete 15-slide deck).
 - Promotional_Video.mp4 (2-minute cinematic pitch).
 - App_Demo_Video.mp4 (Full technical walkthrough with voiceover).
2. **Source_Code:**
 - Repository_Link.txt (Direct link to the Public GitHub/GitLab Repository).
 - Complete_Source_Code.zip (The full zipped project including DB exports).
3. **Documents:**
 - Research_Manuscript_Ch1-3.docx (Use College Format).
 - Capstone_Technical_Paper.docx
 - User_and_Technical_Manuals.pdf.

6. THE DEFENSE PANEL ROLES

1. **Capstone Instructor:** Evaluates overall project management and flow.
2. **Research Adviser:** Focuses on the validity of the study and Chapters 1-3.
3. **Technical Adviser:** Evaluates the code, logic, and infrastructure.
4. **College Dean / Program Coordinator:** Focuses on institutional standards and outcomes.
5. **Beneficiary / End-User:** Evaluates the actual usability and value in the field.

CAPSTONE PROJECT 1

FINAL DEFENSE SCORESHEET

Date of Defense & Time: _____
 Project/Research Title: _____
 App Name: _____ Live URL: _____
 Group Members and Role: _____
 Target Beneficiary: _____
 Address: _____
 Beneficiary Representative Name and Designation: _____
 Contact Details: _____

THE DEFENSE PANEL:

- Capstone Instructor: _____
- Research Adviser: _____
- Technical Adviser: _____
- College Dean /Program Chair: _____
- Beneficiary / End-User Representative: _____

Section 1: Technical Infrastructure & Design (50%)

Focus: How the system runs, looks, and protects data.

Criteria	9–10 (Exceptional)	7–8 (Very Good)	5–6 (Satisfactory)	Score
Hosting & Connectivity <i>(Can I access it anywhere?)</i>	Reliable & Smart: Runs live on the web; works perfectly even if internet drops, then updates automatically.	Stable: Runs live on the web; minor delays but data is saved reliably.	Limited: Only runs on the developer's laptop; crashes often; no sync.	
UI/UX & Accessibility <i>(Is it easy and fair to use?)</i>	Professional & Inclusive: Very easy to navigate; fonts are clear; works for colorblind or elderly users.	Clean: Looks modern; fits all screen sizes (phone/PC); buttons are easy to find.	Difficult: Cluttered layout; hard to read; doesn't fit well on mobile phones.	
Smart Logic (AI/BC)	Proactive: System gives expert advice or forecasts future	Analytical: System shows clear summaries and	Passive: Just a digital filing cabinet. Human

<i>(Does it think for the user?)</i>	trends. Records are permanent and tamper-proof.	alerts the user to issues.	does all the thinking/analysis.	
Security & Privacy <i>(is my information safe?)</i>	Bank-Level: Hacker-proof encryption; user roles are strict; follows PH Data Privacy Law perfectly.	Safe: Secure logins; personal names are hidden; system tracks who did what.	Unprotected: No passwords; anyone can delete data; info is in plain view.	

Section 2: Presentation & Multimedia (20%)

Focus: Delivery, Video quality, and Global Goals.

Criteria	9–10 (Exceptional)	7–8 (Very Good)	5–6 (Satisfactory)	Score
SDG Integration & Delivery	Confident presenters; proves system helps solve UN Global Goals (SDGs) & masters flow.	Clear communication; follows flow; shows logical relevance to Global Goals.	Disorganized; reading from slides; Global Goals feel "tacked on."	
Promotional Video	Cinematic; makes the user want to use the app; clearly shows its value prop.	Professional; clearly lists the benefits and main features of the app.	Low quality; poor audio; hard to understand the app's purpose.	
App Demo Video	Clear walkthrough of every feature; includes voiceover; proves system works live.	Good recording of core features; shows the app is stable and real.	Raw/Unedited footage; hard to see what the system is doing.

Q&A Mastery	Expertly explains how the app works and why it was built this way.	Confident; answers most questions; shows deep ownership of the work.	Unable to explain how the app works or why it was built.	
------------------------	--	--	--	--

Section 3: Research Manuscript -Chapters 1-3(30%)

Criteria	9–10 (Exceptional)	7–8 (Very Good)	5–6 (Satisfactory)	Score
Manuscript (Ch. 1–3)	Publication-ready; solid methodology; deep problem and literature analysis.	Complete; logical flow; minor APA or formatting fixes needed.	Weak problem statement; messy or incomplete research plan.	
Technical & User Manuals	Comprehensive guides for both "Techies" and "Regular Users."	Clear setup guides and step-by-step instructions with photos.	Vague; impossible for a new user to understand.	

FINAL DEFENSE GRADE: _____ / 100

SOURCE CODE & DOCUMENTATION CHECKLIST

*To be filled out by the Technical Panel. **Note: Project code MUST be completely running.***

Repository Link (e.g., GitHub): _____

#	Criteria	Points	Score
1	Functionality & Performance: System runs without errors; all features work as expected.	30	
2	Completeness: All required files are included and properly structured (folders/files).	20

3	Documentation: README file included with clear setup/install and usage instructions.	15	
4	Alignment: System features match stated research objectives and intended purpose.	15	
5	Code Quality: Files are logically organized with clear and meaningful naming conventions.	10	
6	Originality & Effort: Shows complexity beyond basic templates; work appears original.	10	
7	Demo Video (Bonus): Clear explanation of system with key features working.	(+5)	

TOTAL CODE SCORE: _____ / 100

REVISIONS & RECOMMENDATIONS

PANEL INSTRUCTIONS: Please list specific requirements for the Manuscript or System before final turnover.

FINAL VERDICT

Based on the presentation, live demo, and technical documentation, the panel renders the following decision:

- ☐ **PASSED** - No further revisions required.
- ☐ **PASSED WITH MINOR REVISIONS** - No re-demo needed.
- ☐ **PASSED WITH MAJOR REVISIONS** - Verification /Re-demo REQUIRED.
- ☐ **RE-DEFENSE** - Core features failed or missing. Group must present again in a new schedule.
- ☐ **FAILED** - Project does not meet the minimum requirements of the Capstone project.

PANEL SIGNATURES/DATE SIGNED:

Capstone Instructor : _____

Research Adviser: _____

Technical Adviser : _____

College Dean / Coordinator: _____

Beneficiary / End-User: _____
